

Kinetic V500 Gasoline Engine Oil

Product reference: CYYY-04

Gasoline engine lubricant offered in 10W-40, 5W-30 and 5W-40 viscosity grades.

Kinetic V500 Gasoline Engine Oil

Product name

Kinetic V500 Gasoline Engine Oil

Quality grade

API SN

Viscosity / grade

10W-40, 5W-30, 5W-40

Performance features

1. A fully synthetic engine oil with excellent performance, meeting demanding engine lubrication requirements.
2. Excellent high-temperature oxidation resistance, detergency and dispersancy effectively inhibit carbon and sludge formation and support extended oil drain intervals.
3. Excellent detergency and dispersancy effectively inhibit sludge and carbon deposits, keeping the engine clean and supporting stronger power output.
4. Excellent antiwear performance: A distinctive lubricating film covers metal surfaces and significantly reduces wear caused by frequent engine starts and stops.

Applications: This product is blended from hydroisomerized base oils and imported additives, providing excellent performance and meeting the API SN specification.

This product is blended from hydroisomerized base oils and imported additives, providing excellent performance and meeting the API SN specification.

Packaging

12 × 1 L containers; 4 × 4 L containers

Product visual and technical data

APPLICATIONS & SPECIFICATIONS

Equipment Type	Passenger Cars / Compatible Gasoline Vehicles
Engine Type	Gasoline Engines
Performance Level	API SN
Recommended SAE Grades	10W-40 / 5W-30 / 5W-40
Main Benefits	Oxidation stability, engine cleanliness, anti-wear protection, stable lubrication
Use Advice	Follow vehicle manufacturer recommendations

Suitable for normal and demanding driving conditions.
