

SuperRace V7 Engine Oil

Product reference: CYYY-08

A gasoline engine oil series with separate source sheets for 5W-40 and 0W-20 / 5W-30 variants.

SuperRace V7 Engine Oil — API SP / ACEA A3/B4

Product name

SuperRace V7 Engine Oil

Quality grade

API SP; ACEA A3/B4

Viscosity / grade

5W-40

Performance features

1. Good high-temperature shear performance provides durable protection for advanced engines and supports sustained vehicle power.
2. Excellent resistance to evaporation reduces excessive oil loss during prolonged high-temperature operation and supports strong engine power.
3. Good high-temperature oxidation resistance provides lasting control of harmful deposits such as carbon and sludge inside the engine.
4. Excellent antiwear performance reduces wear on engine components and extends service life.

Applications

Formulated using high-performance GTL base oils and high-performance imported additives, this product is manufactured with an advanced formulation and production process to deliver excellent performance. It meets API SP and ACEA A3B4 specifications and is suitable for vehicles meeting China VI and China V emissions standards.

Packaging

12 × 1 L containers; 4 × 4 L containers

ENGINE TECHNOLOGY DRIVES A BRIGHTER TOMORROW

SUPER RACING V7

PREMIUM GTL-BASED SYNTHETIC GASOLINE ENGINE OIL

Advanced Protection for Modern Gasoline Engines

50-74 0W-20
50-74 5W-30
50-74 5W-40

100% FULL SYNTHETIC OIL

TRIPLE PROTECTION FOR EVERY JOURNEY

PREMIUM GTL-BASED SYNTHETIC GASOLINE ENGINE OIL SERIES

0W-20
FUEL EFFICIENCY & CLEAN ENGINE

5W-30
BALANCED PERFORMANCE

5W-40
EXTRA PROTECTION FOR DEMANDING DRIVING

PREMIUM PERFORMANCE FOR A BETTER TOMORROW

STRONG PROTECTION, SMOOTHER PERFORMANCE

POWERED BY ADVANCED SYNTHETIC TECHNOLOGY

- LSPI Protection
- Timing Chain Wear Protection
- High-Temperature Oxidation Stability
- Low Volatility
- Cold-Start Protection
- Engine Cleanliness
- Anti-Wear Protection

PRODUCT DESCRIPTION

PREMIUM GTL TECHNOLOGY FOR SUPERIOR PERFORMANCE

Formulated with premium GTL base oils and advanced additive packages, petronexus V7 provides excellent lubrication, reliable engine protection, and strong performance under demanding driving conditions.

- PREMIUM GTL BASE OILS
- ADVANCED ADDITIVE PACKAGE
- EXCELLENT LUBRICATION & ENGINE PROTECTION
- STRONG PERFORMANCE IN ALL DRIVING CONDITIONS

PURE POWER LASTING PROTECTION

WIDE APPLICATIONS

POWERING A WIDER WORLD

MODERN PASSENGER CARS

TURBOCHARGED GASOLINE ENGINES

DIRECT INJECTION GASOLINE ENGINES

CITY COMMUTING

LONG-DISTANCE / HIGHWAY DRIVING

DIFFERENT ROADS SAME CONFIDENCE

APPLICATIONS & SPECIFICATIONS

SUITABLE FOR MODERN GASOLINE ENGINES

Engine Type	Modern gasoline engines (naturally aspirated, turbocharged, direct injection)
Emission Standard	China VI / China V emission vehicles
Recommended SAE Grades	0W-20 / 5W-30 / 5W-40
Main Benefits by Grade	0W-20 / 5W-30: LSPI protection, timing chain wear protection, friction control, oxidation stability 5W-40: shear stability, low volatility, oxidation stability, anti-wear protection
Other	Follow vehicle manufacturer recommendations.

WHY CHOOSE PETRONEXUS

TRUSTED QUALITY FOR A BRIGHTER TOMORROW

RELIABLE QUALITY

Strict quality control for consistent performance

ADVANCED FORMULATION

GTL base oils and high-performance additives

PROFESSIONAL PERFORMANCE

Proven protection for modern engines

EXPORT-READY SUPPLY

Stable quality, competitive supply, global cooperation

AVAILABLE GRADES & PACKAGING

CHOOSE THE RIGHT PROTECTION FOR YOUR JOURNEY

0W-20

5W-30

5W-40

Available Packaging:
1 L × 12 Bottles per Carton
4 L × 4 Bottles per Carton

LUBRICANTS FOR A MOVING WORLD

Protect Engine

Improve Efficiency

Reduce Wear

A Cleaner Tomorrow
