

SJ Motorcycle Engine Oil

Product reference: MTCY-01

Motorcycle engine lubricant offered in viscosity grade 15W-40.

SJ Motorcycle Engine Oil

Product name

SJ Motorcycle Engine Oil

Quality grade

SJ /MA2

Viscosity / grade

15W-40

Product overview

This product is manufactured from high-quality base oils and additives using an advanced formulation and production process to deliver excellent performance. It is suitable for various types of motorcycles, including street motorcycles, sport motorcycles and off-road motorcycles. Whether riding through the city or off-road in mountainous terrain, this engine oil provides excellent performance and protection.

Performance features

1. Good viscosity-temperature characteristics provide a stable protective oil film at high and low temperatures.
2. Excellent lubrication reduces friction and wear inside the engine and protects it against damage.
3. Excellent oxidation resistance and cleaning performance help extend engine service life.
4. Good fuel economy helps reduce fuel costs.

Packaging

12 × 0.9 L containers; 12 × 1 L containers

APPLICATIONS & SPECIFICATIONS

Item	Description
Equipment Type	Motorcycles
Engine Type	Gasoline Motorcycle Engines
Performance Level	API SJ / JASO MA2
Recommended SAE Grade	15W-40
Main Benefits	Lubrication performance, oxidation stability, engine cleanliness, fuel economy
Use Advice	Follow motorcycle manufacturer recommendations and clutch compatibility requirements

ALWAYS FOLLOW THE MANUFACTURER'S SERVICE RECOMMENDATIONS
