

TillGo Gengchi CF-4 Diesel Engine Oil

Product reference: NJYY-04

Agricultural diesel engine lubricant offered in 20W-50 and 15W-40 viscosity grades.

TillGo Gengchi CF-4 Diesel Engine Oil

Product name

TillGo Gengchi CF-4 Diesel Engine Oil

Quality grade

CF-4

Viscosity / grade

Viscosity grades: 20W-50; 15W-40

Standard references

GB11122-2006

Performance features

1. Keeps the engine clean and reduces carbon and sludge formation, extending engine service life.
2. Good antiwear performance effectively reduces engine wear under severe conditions such as low-speed, heavy-load operation and protects engine components from damage.
3. Good oxidation resistance and high-temperature performance maintain stable viscosity at elevated temperatures and extend oil-drain intervals.
4. Compatible with sealing materials, helping protect seals and prevent leakage.

Applications

Suitable for high-speed direct-injection diesel engines, heavy-duty diesel engines and diesel engines operating on high-sulfur fuel. Particularly suitable for engines in agricultural equipment, mining machinery and construction machinery.

Packaging

18 L; 16 L; 4 × 4 L containers; 4 × 3.5 L containers

For grade selection, technical requirements, packaging and commercial terms, contact sales@petronexusgroup.com.

Product visual and technical data

TILLGO CF-4 DIESEL ENGINE OIL

API PERFORMANCE GRADE: CF-4
SAE VISCOSITY GRADES: 20W-50 / 15W-40

Reliable Engine Protection for Agricultural and Heavy-Duty Equipment

- Excellent Anti-Wear Protection Under High Loads
- Outstanding Oxidation Stability
- Good Sealing Performance
- Excellent Detergency and Engine Cleanliness
- Good High-Temperature Performance

STRONG PROTECTION SMOOTHER OPERATION

CLEANER ENGINES | HIGHER PRODUCTIVITY | LONGER SERVICE LIFE

- Wear Protection
- Engine Cleanliness
- Thermal Stability
- Extended Engine Life

PREMIUM DIESEL ENGINE PERFORMANCE

TillGo CF-4 Diesel Engine Oil is formulated to provide reliable lubrication and protection for diesel engines operating under demanding conditions. It offers excellent anti-wear protection, oxidation stability, detergency, and high-temperature performance, helping maintain engine cleanliness and dependable operation.

- Anti-Wear Protection
- Oxidation Stability
- Detergency and Cleanliness
- High-Temperature Performance

CLEAN ENGINES
STRONGER PERFORMANCE

WIDE APPLICATIONS

Suitable for diesel engines in agricultural, mining, and construction equipment.

AGRICULTURAL EQUIPMENT | MINING MACHINERY
 CONSTRUCTION EQUIPMENT | HEAVY-DUTY DIESEL ENGINES

ONE OIL. MULTIPLE APPLICATIONS.

APPLICATIONS

SUITABLE FOR USE IN

Equipment / Engine Type	Application / Benefit
High-Speed Direct-Injection Diesel Engines	Reliable engine lubrication
Heavy-Duty Diesel Engines	For demanding operating conditions
High-Sulfur Diesel Fuel Engines	Subject to OEM requirements
Agricultural / Mining / Construction Equipment	Where API CF-4 is specified

Follow engine manufacturer lubricant recommendations.

BUILT FOR HEAVY DUTY. MADE FOR MORE.

WHY CHOOSE PETRONEXUS?

- Reliable Quality
- Advanced Formulation
- Professional Performance
- Export-Ready Supply

PETRONEXUS | YOUR TRUSTED LUBRICATION PARTNER

AVAILABLE PACKAGES

SAME QUALITY. MORE CHOICES.

3.5L | 4L | 16L | 18L

FLEXIBLE PACKAGING TO MEET YOUR NEEDS

LUBRICANTS FOR A MOVING WORLD

SUPPORTING THE MACHINES THAT FEED. BUILD AND POWER A BRIGHTER TOMORROW.

- Protect Equipment
- Improve Efficiency
- Reduce Downtime
- A Cleaner Tomorrow
